

Accessing Assessment Tools (Trainers & Assessors Only) Quick Reference Guide

This Quick Reference Guide (QRG) describes how to access assessment tool for Trainers and Assessors.

Accessing Technical Skills Assessment Tools

You must have a **'Trainer'** Permission Level to access assessment tools such as cover sheets, assessments and model answers, for training programs delivered under the VET Services agreement with TAFE NSW Riverina Institute. Please refer to your Regional Fire Training Team to arrange this level of access.

Training Programs Include:

Chainsaw including Trim and Cut core units, Basic Tree Felling, Intermediate Tree Felling, Advanced Tree Felling, Brush cutter and Pole Saw.

Four Wheel Drive including G-Wagon

Forest/Plant Operator including core units of Follow OH&S Policies and Procedures, Follow Environmental Care Procedures, and Load and Unload Plant.

Optional units include Dozer, Grader, Wheeled Front End Loader, Backhoe/Loader, Excavator, Tractor, Roller, Skid Steer Loader.

To Access:

LOGIN

CHANGE login switch to 'Trainer' role

Go to Members>Useful Resources

SEARCH resource by typing a search term e.g. 'Chainsaw' in the **'File Name'** box. In the filter box, select 'contains' and results will be listed.

Alternatively search from the alphabetical list by changing page size box to 50 and scroll down to required resource

SELECT resource and single click the link

SELECT 'Open'

PRINT the resource

Please Note:

- It is important that you download the resource each time it is required to ensure you are using the most up to date version
